Subject: Melissa Mueller-Neil Roche Wedding

Dear Jackie and Andrew and staff,

My husband and I extend our sincere thanks and appreciation for all you did to make Melissa and Neil's wedding so fantastic. The manor was so exquisite and beautiful. The food was scrumptious. The attention to every detail was very apparent. The Nor-Easter put the icing on the cake and made it a magical winter wonderland. We are very anxious to see the pictures that Ann Roselie took. We have had three children married and I must say, the three day event was the most stress free and so much fun , thanks to all of the wonderful planning.

We also appreciate all of the care and concern you had for Neil and Melissa after the "fall"! They are doing fine. He had surgery the Tues following the wedding and will be in an immobilizer from groin to toes until Jan 22. They came to Wis for Christmas and we enjoyed their visit. We look forward to coming back to the Boston area in Feb to watch the children so they can finally go on their honeymoon.

Happy New Year to you all,  
Alice Maki ( Melissa's Mom)
